1921 Census

For the purposes of the 1921 Census (24th April 1921), the Parish of Lochbroom was divided into Enumeration Districts: each was allotted to a Census Enumerator.

The Enumerator visited each dwelling the week before the Census Date, and gave to each householder a Schedule, to be filled in with the requisite details. Immediately after the Census Date the Enumerator returned to the dwellings to collect the Schedules. If they needed to be completed or corrected, it was the Enumerator's responsibility to do this. He then transcribed the information onto an Enumeration Book, and submitted this to the local Registrar.. The original Schedules were later destroyed.

The person's place of birth is given. If none is indicated here, this means that the person was born in the Parish of Lochbroom. The spelling of place-names is as in the original Enumerator's Report.

The numbers 1., 2. etc. in the following lists are not in the original Census Enumerator's Reports; they give the order in which the families appear in the Reports; which presumably is the order in which the Enumerator visited the dwellings, so perhaps their spatial position on the ground.
Of course there were no street numbers.

M means Married; S means Single; W means widow or widower;
w means wife; s means son; d means daughter;;
BA for children means that both the parents are alive;
FD means that the father is dead; MD means that the mother is dead..

For each dwelling the number of rooms with a window is recorded.
Here this number is indicated by a number in bold thus: **2**

In this Census there is a column for employment status:

E means that the person is an Employer; W means Employed; where appropriate the name of the Employer is recorded.
OA means neither Employer nor Employed but working on Own Account;
OW means Out of Work.

ED 6, Mr James Matheson

Garve – Ullapool road runs through part of this district.
